SELUNE SOFA (Custom upholstery)

Overall Dimensions: 131" W x 52" D x 30.5" H
Seat Height: 17" / Seat Depth: 22.5"H

Sink into a sofa designed as one continuous gesture. Selune is constructed as a single seamless piece, with no sectional joins or breaks in the silhouette. The low-profile back curves into a generous seat, while a straight rear line keeps the form architectural from every angle. Drawing on the biomorphic vocabulary of Jean Royère and Vladimir Kagan, Selune brings curved seating into the room without sacrificing scale or comfort. Made to order, handmade in North Carolina.

Also available in customer's own material (COM).
Requires 21 yards of plain railroaded fabric.
