SERPENTINE SOFA (Custom upholstery)

Overall Dimensions: 131" W x 52" D x 33" H
Seat Height: 17" / Seat Depth: 22.5"H

Constructed as one seamless piece, the Serpentine Sofa offers a more unified silhouette than the Serpentine Sectional. Drawing on the biomorphic forms of Jean Royère and Vladimir Kagan, it brings a softer alternative to angular furniture. Gentle curves create movement in the room, while the generous, lounge-for-forward seat is designed for comfort from every angle. Generous in scale, this sofa brings sculptural presence to any room. Made to order, handmade in North Carolina.

Also available in customer's own material (COM).
Requires 21 yards of plain railroaded fabric.
